

Upcoming Changes to Citrus Healthcare Plan's Formulary

Citrus Health Care may add or remove drugs from our formulary during this year. If we remove drugs from our formulary or add prior authorization quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost - sharing tier, we will notify you of the changes at least 60 days before the date that the change becomes effective; unless the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug the market, in which case we will immediately remove the drug from our formulary.
